

The Roll Up

January 2026

Welcome to the latest edition of the Norfolk BC newsletter.

Club News

Happy New Year to all our members!

As we enter the new year, the club still has strong representation in the national competitions at both the club and individual level, with our first national finals qualifier already having booked her place. Congratulations to Bex Willgress on reaching the finals of the Champions of Champions Singles to be played at the end of January at Dolphin IBC.

Please check the "Dates for your diary" later in the newsletter for details of the various club team competitions as support for all these games would be welcome and of course check Bowlr for details of any national matches being played at the club.

December saw the Men's County Finals for the club champions from 2024/25 as part of the transitional arrangements this season. The club were represented in all four finals, securing the pairs and triples titles whilst just missing out on the singles and an agonising single shot loss in the fours.

Singles runner up - James Segolo
Pairs Champions - Dan Seabourne & James Segolo
Triples Champions - Steve Johnson, Aaron Johnson & James Segolo
Fours runners up - Dan Seabourne, Bernie Perrett (sub), Diddy Smith & Dan Ramsbottom

This is a transition year for the county, and our club finalists will compete in the county playoffs between February and April to determine the 2025/26 County Champions. As a reminder the semi finals of the men's club Singles, Pairs, Triples and Fours **MUST** be played by 11th January with the winners progressing to the county playoffs.

IMPORTANT: The afternoon drive, Tuesday 6th January, is cancelled and the first afternoon drive of 2026 will be Tuesday 13th January.

The Club AGM will be held on Thursday 15th January in the indoor clubhouse commencing at 7pm, and copies of the agenda and various reports are now available in the lounge.

This is a very important AGM as we have significant decisions to make about the future of the club, management team positions which will become vacant in 2026, and the way forward.

We would ask for as many members as possible to come along to this meeting.

Other news

Letter from Colin Knights - I would like to thank all the people involved with making the Christmas lunch excellent again. Many people in this club go unnoticed all year round and without good people like this we would have no club.

THANKS to you all, Colin

Postponed League games - there are now an increasing number of domestic league matches which have been postponed and whilst the club will look to help in rescheduling these it would be appreciated if the team captains involved would make arrangements between themselves to agree a new date and advise the league steward or league secretary so that Bowlr may be updated.

PLUMBING & HEATING - we are pleased to advise members that Lindsay Wright is now supporting NBC with his plumbing Services.

County League C Team report - to date have played six games, 2 at Home and 4 Away. Dereham and County Arts at home, Gallow, Lowestoft Rail, Lynnsport and Dereham away with mixed results won 3, lost 3.

We are currently sitting mid table a position I suspect is about right for us, but who knows what the rest of the season holds?

Trevor Goddard (C Team Captain)

LAWN BOWL GLOSSARY

SHOT TYPES

Back Bowl
A strategic shot where the bowl is deliberately delivered to come to rest beyond the jack. This tactical shot provides insurance against the jack being driven backward, as it creates a favorable scoring position if the jack is moved toward the rear of the head.

Blocker
A tactical shot where a bowl is deliberately placed to obstruct a particular line to the jack or head. This shot is used to prevent opponents from accessing certain areas of the head or to protect favorable positions. A well-placed blocker forces opponents to play more difficult shots with narrower margins for error.

Running Shot
A controlled weight shot delivered with more force than a draw shot but less than a drive. It's played with at least ditch weight, typically to remove an opponent's bowl from the head. The shot requires adjusting the line (as increased pace reduces bias effect) and is delivered by taking a long step-out while pushing the bowl with arm muscles rather than using elevation for power.

Drive
A shot delivered with maximum force toward the target, also known as a "firing shot". This aggressive shot is aimed straight at the target with sufficient pace to minimize the effect of bias. It's typically used as a rescue shot when the head is unfavorable, with the aim of knocking the jack out of play, removing opponent's bowls, or killing the end. The drive is essentially a last line of defense rather than a routine shot.
